NORTHERN OXFORD HEALTH AND SERVICE COUNCIL MEETS

The monthly meeting of the NOHSC (Northern Oxford Health and Service Council, Inc.) was held last Thursday evening and the Council acted on a variety of agenda items. President Barbara Weeks called the meeting to order at 7:30.

The Council, which is the governing body of the Bethel Area Health Center, spent the greater portion of the meeting acting on several routine items dealing with the Center operation. The Council accepted with much regret the resignation of Gordon Gillies as Trustee. His expertise on several matters will be missed. The Council expressed gratitude for his service as Trustee and past President.

Trustees present were Merton Brown, Becky Shaw, Jan Stowell, Mer Gillies, Sandra Cohen, Barb Weeks, and Carolyn Holden. Don Bean was the only trustee absent.

Council members present were John Gray, Melody Bonema, and Dorla Pudge. Center staff personnel present included, Medical Director, Steve Kraus, M. D.; Physician Assistant Gerald O'Connor; Coordinator Shirley Powell, and Rick Antell, Student Research Intern. Linda Rossi, Project Officer from the Federal Department of Human Services in Boston was also present.

All citizens of the greater Bethel area are encouraged to attend Council meetings. Meetings are held the third Thursday of each month at the meeting room of the Bethel Savings Bank at 7:30. Any questions could be asked of the above mentioned Trustees or Council members.

A COUNTRY DANCE
AT GOULD ACADEMY
There will be a Country Dance at 7:30 p. m. tomorrow, Friday, Oct. 24, in the Bingham Gymnasium at Gould Academy. The No Name Yet Band will provide music and calls, including instructions for beginners. Tickets will be on sale after 7:00 p. m., and refreshments will be sold by the Gould Student Council. Families are especially welcome, and family rates will be made available.

PUBLIC SUPPERS
ODD FELLOWS HALL, BETHEL

North Waterford

— Mrs. Jo Sanderson, Cor. —
Mr. and Mrs. Lee Lord were in Livermore Sunday, to visit Lee's Dad.

Mrs. Lillian Herrick has returned to work at Wilner's this week. Iva Ray has been ill this past week and Jo Sanderson took her to Norway Friday to see her doctor.

Gladys Knight visited her sister in Bolster's Mill recently. Bert Rugg was away a couple of days this past week, visiting relatives.

Clyde Stanton and Jo Sanderson went to Lewiston Thursday and attended the DAV and DAVA meetings.

John Stanton and sister, Ethel DeCelle, left Tuesday for Glendale, Ariz., where John lives. Ethel will visit for a few days and then fly back to her home in Litchfield. They are brother and sister of Clyde, and John has been spending several days visiting him.

The Knight Riders

Here we are back in line again, and waiting the first snow for a good ride on our machines. They will be getting rusty if we don't use them this year. We hope we get enough snow to make up for last winter.

We have had two meetings this fall, one on Sept. 9 at which time we elected our new officers. They are: President, Pete Fox; Vice President, Bill Hunt; Secretary,

Marjorie Rugg; Treasurer, Wendal Millett; Trail boss, Pete Fox. It was reported the Youth Group went to the club house for a week end camp out and reported a good time.

The Ski-doo was sold by sealed bids and Clyde Stanton was highest bidder, so acquired the new machine.

The club purchased a new bush cutter and work has already begun on the trails.

It was suggested we have a pig roast in November, but the idea was tabled until next meeting.

Our second meeting was Tuesday, Oct. 14 at the fire station in Stoneham, with 14 members present, but it was a nice meeting and Robert Wyman was host and cookies, doughnuts and coffee were served.

The National Forest trail to Miles Notch was discussed, and it is hoped it will be re-opened this year by the time we have snow to ride on.

Bill Hunt got us a good drag for the trails, and it looks like it will do a real good job.

There will be trail markers available for next meeting.

The refreshment committee for next time is Marj Rugg and Jo Sanderson and Julie Bickford.

Wendal Millett resigned as treasurer as he had work that took all his time, so Cindy Fox will take over until we can elect a new one.

Detail work starts Sunday on the bridges, two have already been repaired. — All for now—Your Club Reporter, J. S.

South Woodstock

— Olive Davis, Corres. —

Esther Davis and her mother, Mrs. Mary Brown, went to Livermore to attend the 50th wedding anniversary of their former neighbors, Mr. and Mrs. Guy Gordon. From there they called on Don Brown and wife at their new trailer at Livermore Falls where they had supper.

The Johnsons were at their home during the Columbus Day week end.

Mr. and Mrs. Mansfield Packard and George Jordan called on Esther Davis and mother, Mary Brown Saturday afternoon. They had lunch with them before returning to camp at North Pond.

Frank Campbell returned to his work at the tannery this week. The fall days are upon us. The temperature has been down to 20° two mornings in a row. Snow flakes drifted down Tuesday with no accumulation.

James Mason is in the Stephens Memorial Hospital for treatment and tests. He was able to return home Thursday, Oct. 16.

Jim Mason Jr. entered the Stephens Memorial Hospital this week for a hernia operation Thursday.

Goldie Mason went to see a doctor concerning her injured arm this week. It proved to be an injured bone and is painful.

Mr. and Mrs. Arthur Andrews visited with Mrs. Lillian Harmon and Olive Davis Sunday. They put the double windows on the house and did other odd jobs that have to be done before winter. It was a great help to me.

Callers here this week besides

the Andrews were Jeanne Grover, sister Ethel Towne and her daughter, Delia Kilborn. Sharon Hooven, Daphne and Julie, came Wednesday evening. Deven Andrews and Esther Davis called Saturday. Carl Brooks dropped in and also Lenwood Andrews.

Lillian Harmon and Olive Davis took a foliage tour Friday. We went over across the hills by Abbott's to North Paris, doubled back to Trap Corner. Then at South Paris we called on Mr. and Mrs. Herman Barnett. Then we drove to the Waterfords, taking the Hunts Corner road to Songo Pond. After going to the cemetery we drove to the old homestead place on the Crocker Pond Road. We ended up at Crocker Pond, which we knew as Papoose Pond. Retracing our steps to the through road, we drove through Mason to West Bethel and down 26 home. Neither of us have been to the old homestead for a long time and we enjoyed the trip.

Frank Campbell returned from the Maine Medical Portland, Sunday, where he has been for treatment.

We have two young ladies in our area who are busy with extra curricula along with their school work. Theresa Wilbur is taking dancing lessons. Sunday, Oct. 12, she was in Lewiston attending a special dancing class for the day.

Following the business meeting a guessing game and a reading were enjoyed. Guessing game was won by Mrs. Ruth Gilbert.

Miss Cathy Littlefield, choir director, and her choir girls, of the West Bethel Union Church surprised Olive Head with a home call on Sunday and sang two selections they had done in church services. Mrs. Head is recovering from a broken shoulder and was pleased with their visit. Thank you, girls!

Sunday, Oct. 19, there was the largest attendance thus far at the new Pleasant Valley Bible Church. Several students were home and able to be present. The new furnace has arrived and the insulation all in place. The two especially designed windows with the crosses, are installed at both ends of the church. Special song was sung by the Trio, Linda Stowell, Martha MacLean and Rebecca Stowell, entitled "Freely," with Ellen Lovejoy at the organ. Prayers were said for the four missionaries in the field.

Another rainy Saturday! Am in hopes, at least, the rain will help the ones with low wells; as at times it came down in torrents. Sunday was a warm, beautiful day but with the winds and rain the trees have lost a lot of their leaves.

Those remaining have lost their leaves and have gone more to duller shades. George put on the storm windows Sunday and Frank and Gwendolyn picked the remaining apples (not many left).

Frank got in the turnips and we called up Betty Gilbert and she said that she and George had been getting in their wood so not much else going on. This is the time of year to check on the anti-freeze in your vehicles. Ira, while he was home, was good enough to paint the kitchen ceiling, and just enough of the woodwork so he said, "Now, you'll have to finish it." This comes in when I can't work outdoors.

On Oct. 11, Geneva McCoy, Linda Westleigh, and Sara Head left for Lexington, Mass., to Isabelle Bennett's (this is Linda's aunt).

Sunday and Monday, Geneva and Linda attended a hairdressers' convention at the Prudential Building in Boston. The ladies came back Tuesday.

Wednesday, Oct. 14, Judy Coolidge and Debbie Seames hosted a baby shower for Linda Gibbs at the Coolidge home. Attending besides the three mentioned were Madeleine Gibbs, Gerry Shimamura, Alberta Angevine, Kathie Mason, Gladys Evans, Sally Rammage, and myself. The children, who were so excited as each package was opened, were Jennifer Mason, Dawn and Ryan Seames and Sarah and Jessica Coolidge. We had a good time playing games and then refreshments were served. Debbie Seames had made a cake on which were two cake booties, one pink and one blue. Linda also received many nice gifts from those unable to attend.

Wednesday, I went over to Frankie's and then down to the folks in Norway. Aunt Sarah had also come down to go shopping so we all had dinner at the folks. Dad has been having the flu and so is not feeling as good as I was in hopes.

Mr. and Mrs. Ernest Angevine visited his brothers and family, the John Angevines, Colebrook, N. H., Sunday.

Joan Coolidge and Sylvia Benson went to visit their friend, Al-mira Pratt, Weld, on Oct. 20.

Wednesday, Oct. 15, Sylvia Benson and daughter, Sharon Kimball, of Waterville, drove to Lewiston where they were joined by Sylvia's other daughter, Sylvia Gardner of Sabattus. They went shopping and had dinner at York's Steak House.

Pat Anderson left Friday with the church group to Lennox, Mass. They went to a Women's Seminar at the Stephens School of the Bible and came home Sunday.

Mr. and Mrs. Lester Butters took a picnic lunch Sunday, which they enjoyed at Burntland Pond, Albany. On the way to Marion Rodgers' they stopped at Jennie Adams' and Everett MacAllister's places in North Lovell.

Mr. and Mrs. Richard Tappan and two children of Manchester, N. H., were visitors of Mr. and Mrs. Lester Butters, Friday and Saturday.

Mr. and Mrs. Roland Glines took a week end trip to his cousin's, Roger Adams', Simsbury, Conn., and stopped in Boston to see their daughter, Heidi, who is studying for her master's at Wheelock College.

Mrs. Evelyn Hilborn left Wednesday to take back her cousin, Evelyn and Lucy, to Toronto, Ont., Can. They spent Wednesday in Houses Point, N. Y., and Sunday came back, bringing back her good friend, Ellen Tuck.

Autumn Leaves

Upon the breeze, the autumn

leaves

Are carried, thither, yon;

They rest at last, upon the grass.

One moment, then they're gone.

They're tossed about, and in and

out.

They fly across the way;

And up and down they sail

around—

The winds they must obey.

Now, if you please, the autumn

leaves

Are much like most of us;

We're tossed about, by fear and

doubt

And things we rare discuss.

This need not be, for you and me—

There is a surer way—

The Solid Rock, will bear the

shock

No matter what the fray!

He who believes, is not like leaves,

That drift with every wind;

His father is fixed in God,

unmolded

With doubts that Satan sends.

He walks with God, while earth he

trods

He's led by pow'r divine,

When life is through, beyond the

blue

He'll dwell in lands sublime.

S. A. D. #44 BOARD MEETS

continued from Page One
program was presented by Cathy Newell, Director. A report on the S. A. D. #44 teacher evaluation system was presented by Warren Bouchard, High School Principal; Walter Phillips, Middle School Principal; and Adler Muller, Elementary Supervisor.

The board approved the following appointments to athletic extra-curricular positions: High School—basketball, cheerleading, Maryvonne Wheeler; J. V. girls' basketball, Harlan Libby; Middle School—girls' basketball, Brian Flynn; boys' basketball, Wayne Howe; cheerleading, Denise Brown.

The directors gave final approval to policies concerning "Affirmative Action" and "Non-School Use of School Buses."

Upon the recommendation of the Buildings and Grounds Committee the board approved a project suggested by a group of Woodstock parents that will provide wood heat in the gymnasium. The total cost to the district will be less than \$1,000, as the furnace and much of the material and labor necessary for the installation of wood heat in the building will be donated. The installation is subject to inspection and approval by the Woodstock Fire Chief.

The superintendent was authorized to accept bids for disposal of a 1971 12-passenger Chevrolet van. Once used as a school bus, the vehicle had lately been used to transport hot lunch. With 125,000 miles on the odometer, the van could not pass inspection without repairs to the frame.

The directors agreed to a Home Study Plan submitted by a Woodstock parent who desires to instruct a first grader at home. The plan is in accordance with the District Policy for the Conduct of Home Instruction Programs.

All members of the board were present Monday evening.

The next meeting of the S. A. D. #44 directors is scheduled for the Telstar Library, Monday evening, Nov. 3.

PERSON ON THE STREET INTERVIEWS

by Geraldine Gironde (Taken from the October issue of Elder Advocate, published by the Western Older Citizens Council, Inc.)
A visit to the meal site in Bethel showed me what the words cooperation and participation really mean.

I arrived just as the volunteers were setting up for lunch, and it was obvious that these people enjoyed being part of a worthwhile program.

After the volunteers finished their morning duties, the exercise class began. What an enthusiastic group!

When I asked Adelia Waterhouse what she enjoyed most about coming to the meal site, she said that the exercise class was one of the biggest reasons. She also enjoys being with other people, so the meal site is a good place to be.

Laura Bennett goes to the meal site every day because she likes to get out of the house. "I just lock the door and take off." The main reason she enjoys going to the meal site is because "The people are so nice and pleasant."

Eva Buckman is a sister to Laura Bennett. She has 11 other brothers and sisters besides Laura. Eva's 94 year old mother is alive and well. What she enjoys most about the meal site is talking to the ladies. She also enjoys the meals very much.

Alfred Brown attends the Bethel meal site about two days a week as well as filling in for his wife who is a regular volunteer. He has been active gardener since his recovery from open-heart surgery. Alfred enjoys what he calls "A very good meal for a very good price."

"WANT TO STOP SMOKING?"

Smoking is a habit. To be able to quit requires a lot of understanding and searching for causes; to change a habit you must know the habit. This "Quit Smoking Program" has been designed and successfully run by the American Cancer Society to help people throughout the country to stop smoking. The use of group participation and discussion, films, and written material will try to help each person to understand the why's and wherefores of his personal habit. Scarce tactics will be avoided as it is felt that most people already understand that it is not healthy to smoke.

This program is to be run on Monday and Thursday evenings, 7:30-9:30 p. m. for four weeks beginning Nov. 3. (It will skip Thanksgiving Day.) Registration will be limited to no less than 10 and no more than 25. For registration and/or fee information call the Bethel Area Health Center at 824-2193 or send your name, address and phone number to: Bethel Area Health Center, Main St., Bethel, Maine 04217.

Registration fees will be based on one person or group fee for two or more family members and may be sent in early or paid on the first night.

CARD OF THANKS

We wish to thank all our friends and neighbors for their many kindnesses shown us during our stay at the Stephens Memorial Hospital, Norway, and since returning home. Also the clergy for their prayers and the doctors and nurses who were wonderful. God bless you all.

FROM THE TOWN OFFICE

continued from Page One
agreement with MDOT was signed for the proposed bikeway project on Route 26 from Cross Street to Telstar which is hoped to be constructed next summer.

Considerable time was spent discussing the establishment of a policy for the sale of West Bethel Flat Road cemetery lots. An addition acquired by town meeting vote in 1953 and referred to as the new section has several lots available. The Board voted to sell the 8x16 foot lots for \$200 and the 16x16 foot lots for \$400. The prices established coincide with prices of lots in other area cemeteries.

A request from John Beaudoin of Hanover to trap on the Town Farm property was denied as the Board decided that the property would not be open for any trapping.

The Board voted to sell the wood taken off the airport at \$10 per half cord and \$20 per cord. Further information will be announced. The Selectmen voted to establish a policy of no smoking in the main part of the Town Office at all times and to designate the meeting room as a smoking area during normal office hours. There is to be no smoking in the meeting room, however, during any public meeting.

The Selectmen also voted to ban smoking at all scheduled Selectmen's and Assessors' meetings held in other local public buildings. The next meeting of the Selectmen will be next Monday evening, Oct. 27. This will be a workshop meeting to review current municipal operations and discuss problems and issues that need to be addressed in 1981.

The Board of Assessors will hold their next meeting on Monday, Nov. 3, at the Town Office.

At 8:45 the Board held an executive session to discuss a personnel matter and adjourned shortly thereafter.

Absentee Ballots for the Nov. 4 election are available at the Town Office.

NEWS FROM WEST PARISH CONGREGATIONAL CHURCH

This coming Saturday from 9-12 there will be a Work Day at the church along with a car wash, both sponsored by the Pilgrim Fellowship. Adults are asked to pitch in as well to give the church its fall cleaning inside and out.

On Sunday after the regular worship service, the Church Council will hold its October meeting in the dining room. Coffee, munchkins and cider will be served in the chapel, courtesy of Ken and Sally Ramage.

Due to the amount of interest shown during Reunion Sunday's display of the church's historical records, the records will be displayed again this Sunday, Oct. 26.

In spite of the weather's dampening effect on travel, the basement yard sale which was arranged by Barbara D. Brown and her helpers came off successfully with upwards of \$150 taken in. Barbara Douglass submitted the winning bid for the stair runner and Margaret Trinward's bid won the set of demi-tasse cups.

Also, Saturday's food fair saw most of the produce sold. Proceeds amounted to over \$40 which will be contributed to the world food organization, CROP. Dexter Stowell's pumpkin was the largest item in the fair.

FILM TO BE FEATURED AT GOSPEL CENTER, OCT. 26

The film "A Stranger in My Forest" will be shown at the Bethel Gospel Center of the C. & M. A. on Route 26, Bethel, Sunday evening, Oct. 26, at 6 p. m.

Excitement and suspense teach a valuable lesson of preparedness and procrastination in this warm and moving story. Twelve year old Robby and his 25 year old sister, Susie lose their parents in a tragic automobile accident. Their Christian grandmother tries to bring stability and the love of God into their lives and into the life of a "stranger" who is fleeing a mysterious threat. The public is cordially invited—there is no admission fee. A free-will offering will be taken.

DRIVING HABIT CHANGE DUE FOR DRIVERS

Motorists have to change their driving habits as well as their clocks Sunday, Oct. 26, according to Maine Highway Safety Committee Chairman Lee Allen.

"At this time of year when we revert to Eastern Standard Time, many will find themselves driving to and from jobs in darkness instead of accustomed sunlight," she noted. "That means adapting driving to more dangerous conditions."

Another change Mrs. Allen pointed out is that the decreasing hours of sunlight means that some school children will be walking and/or playing along roadsides during twilight or darkness. "So extra caution is needed on those roads where youngsters normally walk," she said.

"Some drivers adapt more quickly," she concluded, "and they should be prepared to yield, if necessary, to avoid a mishap involving either a pedestrian or another car, regardless of who has the right of way."

MOLLOCKETT MIXERS

The Mollockett Mixers of Rumford will hold a costume dance (optional) on Oct. 25. This dance will be at the Rumford Elementary School with caller Mike Hjort and round dance caller Wally Weeks.

HARPSICHORD RECITAL HELD SUNDAY AT MOSES MASON HOUSE

Audley Green, who has played for audiences both in the United States and Australia, held a harpsichord recital Sunday afternoon in the meeting room of the Dr. Moses Mason House. Ms. Green, who has performed widely on the east coast in solo recitals, with chamber music groups, in festivals and in community programs as an artist-in-residence, performed works by Mozart, Elisabeth de la Guerre, Bach, Joplin, May Audfer, heide, James Scott, Willard Palmer and Scarlati to an audience of approximately 60.

The recital in the meeting room of Moses Mason Museum was a first attempt to introduce historical music into the museum's continually expanding range of activities. The space was ideally suited for the intimate environment originally associated with the harpsichord and the enthusiastic response to this pioneering effort means that other musical events will be scheduled in the future.

Ms. Audley Green seated at her harpsichord last Sunday afternoon at the Moses Mason House meeting room.

Ms. Green explained the instrument to the audience and remained after the recital to answer questions about it. The harpsichord, forerunner of the piano, was the most important of the keyed instruments in the sixteenth, seventeenth and eighteenth centuries. It is somewhat resembles the clavichord, except that the strings are plucked by leather tipped points rather than struck by hammers, and produces short abrupt tones. In recent years, the instrument has enjoyed a revival of interest after a long period of neglect.

Following the recital, members of the museum committee, Judith Haskell, Floribel Haines, and Agnes Haines served refreshments and conducted candlelight tours of the museum. The recital was planned and managed by music committee members—Mary Valentine and Arlene G. Brown with the assistance of Andrea Howe in selling tickets.

HEALTH EDUCATION NEWS:

In September, 1978, S. A. D. #44 was the recipient of a three year grant from the State of Maine Department of Human Services to enable the district to design and implement a health education program in our schools. The monies from that grant have been used to hire a coordinator for the program, conduct a needs assessment in the communities and produce a K-12 Health Education curriculum which is currently being used in the classrooms. In addition to developing the curriculum the Health Education program has provided inservice training for teachers; established a central resource center for school health education within the district; implemented a comprehensive dental health and nutrition program and sponsored many community health programs such as Healthwise; Instant Pediatrics; a Skiing Safety Program and Woman's Health Workshops.

In June, 1981, non-district funding of the S. A. D. #44 Health Education Program will end. If you have been pleased with the results of the program and would like to see it continue and expand, please let the S. A. D. #44 Board of Directors know so that they will consider it in formulating the FY '82 school budget.

Listed below are the dates and locations for the Finance Committee hearings to be held in each of the towns in District #44. The Finance Committee plans to use these hearings to identify areas of concern in the district. The Community Health Education Committee solicits the input and support of all citizens and asks that you attend the Finance Committee hearing in your town and express your concern for and interest in the future of the Health Education Program.

The first of these hearings was held last evening in Newry. The remaining schedule is as follows: Thursday, Oct. 23, Bethel (Bethel Savings Bank), 7:30 p. m.; Monday, Oct. 27, Andover (Andover School Gym), 7:30 p. m.; Wednesday, Oct. 29, Greenwood (Locke Mills Town Hall), 7:30 p. m.; Thursday, Oct. 30, Woodstock (Woodstock Town Hall), 7:30 p. m.

STEPHENS HOSPITAL TO OFFER STANDARD FIRST AID COURSE SATURDAY, OCT. 25

A standard First Aid Course is being held on Saturday, Oct. 25, from 8 a. m. to 5 p. m. at Stephens Memorial Hospital, Norway.

This eight-hour course leading to an American Red Cross Certification is offered to the community through the Hospital's Health Education Department. Participants will learn how to deal with shock, wounds, burns, poisoning, and head injuries. In addition, instruction will also be given in artificial respiration and rescue/transfer techniques.

For further information and registration call Stephens Memorial Hospital's Health Education Department at 743-3933, ext. 491.

with two instructors and an enrollment of over 100 students. Since Gould became an independent school in 1969, the need for domestic science, now home economics, declined, and the art department gradually took over the rest of the building.

In 1977-78 a committee of trustees, alumni, parents and teachers studied the long-range needs of the school, and their report to the Board stressed the need to provide safer facilities for the art program, especially pottery. The administration was directed to investigate the cost of renovation or if new construction seemed warranted. During this planning stage, a potential donor was discovered and construction of a new building seemed to be the answer to Gould's needs. Within a short time renovation of the present building, at a cost of \$75,000, had given way to a new building with an estimated cost of \$250,000. At this point, the trustees said, "No," and the Headmaster was asked to investigate renovation of part of the Art Cottage, the cost to be held to under \$50,000.

Walker O. Cain, a trustee and architect from New York City, was asked for advice and he came to Bethel with an associate, Byron Bell. They met with Jim Owen, measured, talked and later submitted a low-cost, workable plan for the renovation. They further recommended that there was no need for an architect since Jim Owen and a contractor could really complete the work. Selection of a contractor followed, and Dan Gibbs, of Bethel, was awarded the contract.

The first stage, the pottery shop, was completed in April, 1980, and the second stage completed in September, 1980. The cost of the project is close to \$50,000, which is under the initial estimate.

On Oct. 4, 1980, the Board of Trustees of Gould Academy, at their annual fall meeting, voted to name the new Art Gallery for James B. Owen, head of Gould's Art Department. In honoring Jim, the Board rewarded his long service to Gould, but more important, publicly acknowledged that without him the Art Cottage might have remained an unfulfilled dream.

Jim Owen began his career at Gould in the music field, directing the band and chorus, and producing several outstanding student musicals staged at Gould with the assistance of another Gould faculty member. His talents as an artist led him to expand the school's art program, which over the past 22 years has grown significantly, and has encouraged several Gould graduates to go on to art school each year.

Not only is Owen an outstanding painter, sculptor, potter and silversmith, but he also excels as a glassblower, and Gould is one of only a few secondary schools in the country to offer a course in glassblowing. In addition to these talents, he teaches color photography, and was selected to serve as a judge, the first American so chosen, on an international jury for slide-show competition held in Bath, England, in 1979. Owen has successfully exhibited his own slide-show work in Europe over the past five years in major competitions held in France, Belgium, Germany, The Netherlands and England.

The new Art Cottage truly stands as a testament to the talents of Jim Owen, whose ideas and designs are found throughout its many studios and shops. Gould students are indeed fortunate to have such a fine artist as a teacher and inspiration to help them develop their individual artistic talents.

PARENTS AT GOULD LAST WEEK END

October 17-19 were the dates of Gould Academy's Annual Fall Parents' Week End, and over 250 parents traveled to the campus for an activity filled week end.

Parent-teacher conferences were held both on Friday evening and again on Saturday morning, followed by a college entrance seminar for parents of upperclassmen. At noon a buffet luncheon was served to over 400 in the William Bingham Gymnasium. At 3:00 the luncheon, the Parents' Association held a brief meeting, which included remarks "On the State of the Academy" by Headmaster Donald W. Fudge.

Afternoon sports saw the Gould Huskies continue their winning ways, the varsity soccer team defeating Buckfield in the rain 4-2, to up their record to 14-0 in league play, and the Jayvee team beating Telsier 2-1 in a rain shortened contest.

A reception for parents, students and faculty was then held in the gym, and that evening the Gould Academy Drama Group presented the play, "Alice in Wonderland" before a packed house in Bingham Auditorium. The play was performed again Sunday afternoon just after the official opening of Gould's newly refurbished Art Cottage complex. The highlight of

the event was the naming of the new gallery the James B. Owen Art Gallery, in honor of Jim Owen's 22 years of teaching service at Gould and his building of the present art curriculum that involves each year over 100 students and two full-time faculty.

The next Parents' Week End will be held in the spring of 1981 on the week end of April 24.

A project to winterize the University of Maine at Orono's Memorial Field House was slated for completion by mid-October. The 10,000 square-foot north wall of the Field House along with two smaller walls are having layers of insulation placed over the glass windows as an energy conservation measure which officials believe may save as much as \$55,000 is \$60,000 per year in heating costs. The \$190,000 project is funded by the National Energy Conservation Policy Act, which supplies one-half the total; the University of Maine System, one-quarter; and UMO, one quarter. The south wall was insulated last year.

HEADQUARTERS OPENING - Senator George Mitchell; Jeff Kilgore, candidate for State Senate, District 5; Richard Pratt, candidate for Register of Probate; Oxford County Sheriff Alton Howe, candidate for re-election.

WALKING WITH JESUS CHRIST

It's difficult to realize that there is only one thing wrong with this world of ours, and that from it stems all its problems—be it, hunger—war—theft—pollution, etc.; and that thing is Sin. To describe it—it is a falling away or missing the right path. Sin is everything in conduct and purpose contrary to the will of God—sin is of a positive character—it is disobedience to God—sin is in its nature "EGOTISM". I'll do it my way—we become gods to our selves—not letting God take his rightful place in our hearts and lives.

Sin is perfectly natural—it's our human nature—it is the result of man's fall in the garden of Eden—when Adam led all mankind into what Ezekiel 22 unmask as the loathsome nature of unfaithfulness to God, a revolting picture of even today in our society where sin so abundantly abounds.

In the Old Testament we read that God made a way for the remission (putting away) of previous sins—this through the sacrifice of clean animals at his altar. Even here man failed to keep God's statutes with the result that God in his love for mankind came to earth in human form; 2000 years ago—Jesus Christ. "I—not to judge the world, but to save it!" John 12:47 "—for he shall save his people from their sins." Matt. 1:21. As Paul wrote in I Tim. 1:15 "This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners, of whom I am chief."

The Bible states "all have come short of the glory of God" and that we cannot make things right by doing works no matter how good they may be—it is only through the atoning death of Christ on the cross and his ascension into heaven that we may be saved—it's when we realize we're carrying a burden of sin—things aren't right—that we may be saved—and this as we admit to God we're sinners—asking his forgiveness and accepting him as our personal Lord—we became "born again" we are passed from death unto life—I, John 3.

NEWS FROM THE S. A. D. #44 ADULT EDUCATION PROGRAM

One aspect of Adult and Community Education in Maine that goes on in a frequently unnoticed manner is the training of teachers, directors and other staff. Because nearly all of those involved in adult education are part-time adult educators and are often employed in other fields, the training must be conducted in an intensive way, scheduled at times that are convenient. Training is important; classes and workshops for adult education personnel allow those involved in the field to concentrate on the special area of adult learning, and to share experiences, materials and techniques with others. This year, S. A. D. #44 began the Adult and Community Education year with a Preservice meeting for teachers, which involved a panel presentation by experienced local teachers and opportunity for sharing experiences in adult education. S. A. D. #44 is part of an Inservice Cluster, composed of Rumford, Mexico, Dixfield, Jay, Livermore Falls and Farmington. Directors from these programs met on Oct. 15 at Rumford High School to plan some training sessions for teachers. It was decided to concentrate this year on the High School Diploma teachers in their subject areas. The first session will be for teachers of adult High School Diploma English and will be held on Nov. 13 at the University of Maine at Farmington in the early evening. If this is successful the same format will be tried for teachers of History and Math. WEST BETHEL Children's Center

The theme this week at the West Bethel Children's Center is the weather, a very important subject for everyone. The children will be using the flannel board (dressing for the weather), singing songs about weather, fixing pumpkins, sponge painting and making potato prints, plus the cook has planned three cooking activities to do with the children: making biscuits, washing potatoes, and making peanut butter cookies.

These items are needed by a few parents: a large snowsuit, a play pen, infant car seat and a washing machine. If anyone has any of these, please call the Center at 830-3700.

Due to illness and the short week of school last week, it was not reported that Stacy Crisp was the bright-eyed Star of the Week. Delightful star this week is Stacy Edwards.

Class of the Week this week is the Antiques class, taught by local antique dealer Barrie Freeman. This course meets on Monday at Moses Mason House, and has an enthusiastic group of students. Frequent support by interesting "props". Freeman provides a wealth of knowledge in his professional area, enlivened by anecdotes, covering such topics as identification, buying, selling of antiques and collectibles.

Mr. and Mrs. Don Barker and small daughter were out of town for the week end. Mrs. Elery Lawrence was organizer at the church service filling in for Dan. Minnehaha Temple #53, Pythian Sisters, met Friday, Oct. 17. Eloise Vail served as Protector in the absence of Betty Morrison. The charter was draped in memory of Past Supreme Chief Dorothy Kay and Grand Secretary Alicia Brackett. Violet Doughty reported on the annual birthday dinner and the reception for President of the State Past Chief's Club. It was voted to continue with the annual birthday dinners also to assist the Brother Knights if they plan a hunters' breakfast in November.

Minerva Dudley was hostess for the meeting, using Halloween decorations for the refreshment table and the display of "Trash and Treasure" which was sold by silent auction.

A BIRTHDAY SURPRISE—Mrs. Sabin's kindergarten class from the Andover Elementary School had a big surprise while they were learning about the letter B and its sound. Mr. B, with his beautiful buttons, told the class he was thinking of a magical word beginning with his sound and when they guessed it, he would share this surprise with them. The class guessed all sorts of good words:

bus, boat, bug, beat, ball, blow, brave, hat, bush, but it was Larey Parker who came up with the magical one, birthday. Mr. B decided today was going to be the day everyone celebrated their birthdays. He brought in party hats, noise makers, birthday certificates, ice cream, chocolate cake, and birthday presents for the entire class! Everyone had a wonderful birthday.

FIELD TRIP—The first, second and third graders of Andover Elementary School have been learning about apples. They have been seeing various filmstrips and doing a lot of cooking. The first graders made applesauce; the second graders made apple crisp and the third graders made apple squares. Then they all shared what they had made. Next, the children went on a field trip to Morse's Apple Orchard in Waterford, on Friday, Oct. 10. They had a great

time picking their own apples; after being shown the correct way to do it. They all had a snack of cider and "Orchard Bars" made out of honey and apples from the orchard. Next, they toured the orchard and learned how to recognize the different trees. They looked inside the storage bin and learned how the apples "sleep." The children then ate their picnic lunch outside in the orchard. It was great fun!

NOTES FROM

Evans Notch

White Mountain National Forest

The fall foliage season has just about come to an end. With the wind and rain of the past week, many trees have shed most of their leaves. The numerous visitors who came to the White Mountain National Forest to view the fall spectacle were not disappointed. The colors were unusually brilliant, especially in the Evans Notch area along Rte. 113.

With November approaching, the next major activity to draw visitors to the Forest will be the 1980 Deer Hunting Season. The Evans Notch Ranger District falls within the Western Management Zone set up by the Maine Fish and Game Department. Due to a declining deer herd, there will be a shortened season in this management unit. Dates are set as November 10 through 22, with Nov. 8 open for residents only. The 1980 Regulations, published by the Inland Fisheries and Wildlife Department, will give further details, dates, times and zones.

The week also begins the Fur-bearing Trapping Season. Although the Forest Service is not requiring trapping permits for National Forest lands in the State of Maine, we would appreciate anyone trapping on the Evans Notch District dropping in and letting us know where they are trapping, and what kind of success they have had.

The Older American Crew has been busy this past week doing fall closure work around the District. Basin Pond Campground has been closed to public use until next spring. The four remaining campgrounds—Crocker Pond, Hastings, Wild River and Cold River remain open; however, there will be no services such as water or garbage collection at these sites. No fees will be charged at these areas until services are restored next May. We ask that anyone using these facilities to be responsible for their own waste, and take any garbage back home to dispose of it in a proper manner.

Many people are still out collecting firewood for the cold months ahead. With the increased demand for firewood it is becoming more difficult to locate dead and down material on National Forest land but those who take the time usually find there is plenty to be found. Free Use Permits are required for

Let's make Halloween a safe and fun night and Mundi-Allen Auxiliary #81 suggests that all our little "Trick-or-Treaters" should wear light-colored costumes or some reflective tape on their clothing. Mr. Motorist, please be especially watchful for the little ghosts and goblins. In all their excitement, they are apt to be careless. So, be extra careful, please.

THE BETHEL BRIDGE CLUB WILL RESUME PLAY FRIDAY

The Bethel Bridge Club will resume play this Friday night, Oct. 24, at 7:00 o'clock in the Bethel Savings Bank. All bridge players are welcome to attend.

We invite interested persons to take an active part in the planning process. Stop in at the office and pick up a copy.

A reminder to those who drive—as the leaves and temperature fall the potential for accidents rises. Wet leaves and patches of ice could cause an accident for those who forget summer has gone by.
